

## 06 CA Family Benefit Cap Period (FBCP) - Overview

**REVISION 50**  
(01/01/22 - 12/31/22)

A CA Family Benefit Cap Period (FBCP) is a period of 60 consecutive months assigned to parents or [nonparent caretaker relative\(g\)](#) who apply and receive CA for a dependent child. (See [CA Caretaker Relative](#) for policies and procedures)

NOTE A CA FBCP is assigned to a caretaker relative who is included in the CA benefits. When a caretaker relative is not included in the CA benefits, no FBCP is assigned.

For FBCP children policies and procedures, see [Benefit Capped Children](#).

The FBCP applied to a participant in another state is not applied to that participant in Arizona.

FBCP policy does not apply to the following participants:

- Refugee Resettlement Program CA
- Hopi Tribal TANF
- Salt River Tribal TANF
- Pascua Yaqui Tribal TANF
- Grant Diversion

The following determines whether a child is subject to the FBCP:

- [Parent's 60 Month FBCP](#)
- [Determining Whose FBCP to Use](#)
- [Benefit Capped Children](#)
- [FBCP Exempt Children](#)

AZTECS calculates and displays the FBCP on **WERE** and CLPR.

WERE and **CLPR** display the start and end dates of the FBCP for the parent or specified relative.
