

.01 No Countable Months

[REVISION 39](#)
(12/01/15 - 01/31/16)

Complete the following when the participant has no Xs displayed on CODF since 01/01/16, and the participant is otherwise eligible:

- Review the TI-BEGIN field, when it does not contain a month and year, key the month and year that the first FULL month of NA will be issued.

NOTE AZTECS updates the TIME-LTD MONTHS USED field and updates the Xs and Os.

- Process the eligibility determination through FSAD and authorize as applicable. The approval period of nonexempt ABAWD participants must be limited to separate eligibility periods of three full months unless the participant qualifies for an exemption.
- When no exemption exists, the participant is provided with a [PRA](#) that informs them of work requirements and provides contact information for [SNA E&T](#) so the participant can begin complying as early as possible before compliance becomes mandatory. The PRA must be explained to the participant.
- Send an appropriate [approval notice](#).
