

## 10 24 Month State Benefit Limit (STBL) - Overview

**REVISION 18**  
(10/01/11 - 12/31/11)

The 24 month limit on receiving CA benefits is known as the CA State Benefit Limit (STBL). Effective October 01, 2002, receipt of CA benefits is limited to budgetary units in which the following have not received 24 countable months for himself, herself, or for a dependent child, in Arizona:

- The PI
- The spouse of the PI
- Another adult in the CA budgetary unit

NOTE The 24 countable months are not required to be consecutive.

The budgetary unit may receive additional months of CA when it is eligible for a [CA STBL Hardship Extension](#).

The budgetary unit is NOT eligible to receive more than 24 months of CA when ALL of the following conditions occur:

- The PI, their spouse, or another adult in the budgetary unit has received 24 or more countable months of CA for a budgetary unit
- The PI, their spouse, the dependent child or another adult in the budgetary unit are keyed IN, DI, DF, DP, OU or ST in the CA PT field on SEPA
- The budgetary unit is not eligible for an STBL hardship extension

AZTECS calculates the 24 countable months during the STBL, beginning with the first countable benefit month on or after October 01, 2002.

### **EXCEPTION**

STBL and STBL hardship extensions do not apply to [Tribal TANF Programs](#) and Kinship Foster Care when the child is in the legal custody of [DCYF](#).

Inform the PI during each new and renewal interview of the 24 month STBL requirements and the availability of STBL hardship extensions.

Policy and procedures regarding STBL are outlined as follows:

- [Receipt of 24 Countable Months](#)
- [Not Countable STBL Months](#)
