

B Adult Only CA Cases

REVISION 18
(10/01/11 - 12/31/11)

In some cases, the only participant who needs benefits is the [specified relative](#). An adult only case may exist when one of the following applies to the [dependent child](#):

- Receives Supplemental Security Income
- Receives Foster Care benefits and the specified relative is an unlicensed foster care provider
- Received CA in another case in the month the parent requests benefits
- Is not eligible for CA due to the Family Benefit Cap

In such cases, the benefit is for the specified relative only. Key the EX DCSS Cooperation Code in the AF COOPERATION CODE field on APPD when the CA participant is exempt from cooperating with DCSS requirements.

NA EXCEPTION

Adult Only Cases policy does not apply.

A budgetary unit's eligibility is based on the needs of all of the eligible participants in the budgetary unit. AZTECS counts the income and resources of the potentially eligible participants.

The application must list everyone living in the home. This includes recipients of the following types of payments:

- SSI
- Foster Care

The following apply to participants in an adult only case:

- All [mandatory verification factors](#).
- Spousal maintenance or alimony may have been court ordered. When this occurs, the participant must cooperate in completing all AZTECS Absent Parent Screens and applicable DCSS documents.

NOTE By signing the Assignment of Rights section on the [official FAA application](#), the participant legally assigns their support rights to the State of Arizona.

- Completion of the AZTECS Absent Parent Screens and cooperation with DCSS is not required for any of the following:

SSI child

Foster care child

Benefit Capped child

Child of a [single parent](#) through adoption

NOTE Advise the specified relative of the non-public assistance [DCSS locator services\(g\)](#).

- Count the income and resources of the parent or nonparent specified relative (NPSR).
- Do not budget a dependent care deduction against the specified relative's earned income when the dependent child receives SSI or Foster Care benefits.
- Do not count the sole income and resources of any of the following:
 - SSI child
 - Foster care child
 - Benefit Capped Children
