

.02 Reinstatement After the Disqualification

Following the end of the disqualification period, an NA budgetary unit must reapply and be determined eligible. The budgetary unit must also participate in the [SNA E&T](#) program. See [Mandatory E&T Referral](#))

For individual disqualifications, FAA must redetermine the participant's eligibility. When this occurs, the following apply:

- Add the participant to the budgetary unit when otherwise eligible. (See [Adding Formerly Disqualified Participants](#))
- When the participant is not exempt, reinstate NA E&T participation.
