To calculate FS allotments manually:

- Multiply the net monthly income by 30%
- Round the product up to the next whole dollar when it ends in \$0.01 through \$0.99
- Subtract the result from the Thrifty Food Plan for the appropriate FS budgetary unit size. The resulting amount is the FS allotment amount.
- When the FS benefit is for a ONE OR TWO participant budgetary unit and is less than \$10, round up to the minimum FS benefit of \$10.
