

D EBT QUEST Card - Participant Education

Designated staff must provide the Your Arizona QUEST Card (FAA-1045A) brochure to new participants and their alternate card holders. The brochure must be provided at the time of the interview, when the card is issued, or upon request.

Before ending the interview, complete the following:

- Inform the participant that they need to keep their Personal Identification Number (PIN) safe.
- Inform the participant to keep their EBT QUEST card in a safe place, because the QUEST card does not expire.

Encourage participants to keep their QUEST cards when their CA, NA, or ST case is closed. The same card can be used when the participant becomes eligible for benefits at a later date unless the card was reported as lost, stolen, or damaged.

- Provide the participant with the JP Morgan Automated Response Unit (ARU) number (See [EBT Help Desk Phone Number](#)). Explain that the number can be used to request a replacement card, obtain account balance information, or report information regarding their QUEST card and PIN.
- Instruct the participant to call the JP Morgan ARU as soon as they are aware their card is lost, stolen, damaged, or when they have compromised their PIN. (See [EBT Compromised or Forgotten PIN](#))

WARNING

Any funds spent before a card is reported as lost or stolen are not replaced.

- Inform the participant that cards that are reported as lost, stolen, or damaged are replaced through the mail within five [workdays\(g\)](#) from the date of request. When the participant does not receive a replacement card by close of business on the fourth workday, they may contact the local office to request an emergency card over the counter.
- Inform the participant that initial benefits will not be available on their QUEST card until their application has been approved.

- Explain how to establish a direct deposit account for cash benefits. (See [EBT Direct Deposit](#))
- Advise the participant NOT to do any of the following to the QUEST card:

Bend or fold the card

Leave the card in the sun or other hot place, like the dashboard of a car

Leave the card near magnets, TVs, stereos, VCRs, or microwaves

Scratch or write on the black strip on the back of the card

Wash the card or get it wet

Write the PIN on, or keep the PIN with, the card
