Extension to Supplemental NA Benefits

11/23/2021

Program Impact: NA

Supplemental NA benefits, as mentioned in the [Urgent Bulletin](#) emailed 04/10/2020, have been extended through 12/2021. Households receiving benefits for the benefit month of 12/2021, excluding zero-pay households, will receive an emergency supplement.

NOTE AZSNAP participants also receive emergency supplements.

The supplement amount added to AZTECS by FAA Systems will be the higher of the following:

- The maximum monthly allotment for December for the household size minus the household's NA benefit amount for December
- A minimum supplement amount of \$95

The emergency supplements in December will be issued:

- On 12/02/2021 for cases with the last name starting with A-B
- With the household's regular NA benefits during the normal NA Monthly Issuance Cycle for cases with the last name starting with C-Z

NOTE The supplements are added to the EBT card by close of business on the issuance day and may not be on the EBT card first thing in the morning.

When reviewing the FSBH and FSIH screens, the emergency supplement will display separately from the household's regular December allotment. The allotment is identified as *CMAX on FSBH.

```

For changes that are processed for the months of 04/2020 through 12/2021 which would normally have caused an increase in NA benefits, review the FSBH screen before authorizing any supplements. When the regularly issued allotment and the emergency supplement amount total the maximum allotment for the household size, no additional benefits should be authorized on UNAU. The change should be processed through the current system month in order for the correct benefit amount to be issued for the month of 01/2022.

For changes that are processed for the months of 04/2020 through 12/2021 which would normally have caused a decrease in NA benefits, the worker must process the change in the current system month in order for the correct benefit amount to be issued for the month of 01/2022. The household must be mailed a Notice of Adverse Action (NOAA) for 01/2022. For changes that result in ineligibility for NA, timely action must be taken to close the case allowing for NOAA.

FAA Systems completes a 'catch-up' job each month going back four months to issue any NA emergency allotment (EA) benefits that may not have been issued. The most common scenarios for issuance during this 'catch-up' job are:

- Cases that are reopened after EA issuance
- Cases with older application dates that are processed after EA issuance

Do not create emergency supplements providing maximum monthly NA allotments for benefit months 08/2021 through 12/2021.

For examples on processing reported changes and supplements on UNAU, see the [Urgent Bulletin](#) emailed on 04/15/2020 and the [Urgent Bulletin](#) emailed on 07/27/2021 being aware of the following:

- The process was extended through the benefit month of 12/2021.
- The emergency supplements must be elevated through Region Management unless the change occurred during the 'catch-up' job duration which goes back four months (08/2021 through 12/2021).
- The allotment amount may be higher than the maximum NA allotment effective the benefit month of 04/2021; therefore, do not send an overpayment referral when the NA benefits for the household exceeds the maximum NA allotment due to the \$95 minimum supplement.
- For benefit month 01/2021 and ongoing, use the Thrifty Food Plan at FAA6.J10 in the [CNAP Manual](#) or the [CNAP+ Manual](#) (internal use only) to identify the maximum NA allotment amount.

IMPORTANT

Elevate supplement requests through Region Management when one or more of the following occur:

- The household reports an increase in the household size and the previously issued supplement was for a smaller household size.
- The household was previously in zero-pay status.
- NA benefits less than the NA maximum monthly allotment for the household size have been authorized for a benefit month that is more than four months in the past (04/2020 through 07/2021).
