Changes to the FAA Policy Support Post – Added Forms Update

EFFECTIVE DATE: For all FAA Policy Support Posts sent via email on or after 11/25/2019.

This change is being done to be sure staff are reminded to review the Forms Update section on the What's Changed page, when needed.

Effective 11/04/2019, the Forms Update section became a separate section published at the bottom of the What's Changed page, whether changes were or were not made. After receiving feedback, it has been decided to treat the Forms Update as General Information to staff.

Effective 11/25/2019, when forms or marketing materials (posters, pamphlets, flyers) are created or revised, the following occurs:

- The Forms Update is published under the General Information section of the What's Changed page.
- The Forms Update is issued on the FAA Policy Support Post to remind staff to review the form details on the What's Changed page.

When there are no changes to the Forms Update, the General Information titled Forms Update is not part of the FAA Policy Support Post. The FAA Policy Support Post is not sent via email when no change, reminder, or general information communications are needed.

Please review the Forms Update section of the [11/04/2019 What's Changed](#) and the [11/18/2019 What's Changed](#) for forms updated since 11/04/2019.

NOTE What's Changed History is in the CNAP Manual at [FAA6.R01](#).
