Change: Updating CODF

EFFECTIVE DATE: For all eligibility determinations completed on or after 03/09/2026.

The process for updating the CODF screen has changed. Staff can update the CODF screen and are no longer required to contact the FAA Systems Helpdesk.

As a reminder, staff must review CODF at every interview and change report to determine how many countable months of benefits an ABAWD participant has received.

Staff must update CODF when **any** of the following are discovered during the eligibility determination process:

- The benefit months of August, September, or October 2025 are countable because of the discontinued ABAWD exemptions.
- Received countable months in another state.
- The participant qualified for a work requirement or exemption during a month that was counted.
