

## **.02 Outside Agencies - AHCCCS - Family Planning Extension Services**

Family Planning Extension Services are available when a woman's S.O.B.R.A. Woman MA eligibility has ended due to either of the following reasons:

- Her postpartum period has ended.
- Her income exceeded the limit when determining her eligibility in any other category at the end of postpartum.

Once Family Planning Extension Services begin, the services are available for up to 24 months, as long as the woman has no other AHCCCS coverage.

AHCCCS sends a notice explaining the types of services offered. The notice explains to the woman that she is encouraged to obtain Family Planning Extension Services from the health plan provider who took care of her during her pregnancy. If she prefers to see a different provider, she needs to contact her health plan.
