

K Drug Test Not Completed

REVISION 12
(04/01/10 –06/30/10)

When the participant does not complete the required drug test complete the following:

- Disqualify the adult participant who did not complete the required test.
- Key the DT Ineligible Reason Code in the INELIG REASON field on SEPA.
- Key NT in the ALERT TYPE field on the PRAP screen next to the participant who did not complete a required drug test.
- Determine CA eligibility for the budgetary unit.

A participant may be disqualified for failing to complete the required drug test. When the participant requests to be added to the CA program, the participant must complete the required drug test.

When the participant requests to be added back to the CA program after disqualification for not completing a required drug test a new referral for a drug test is required. (See [Drug Test Referral Procedure](#))
