

## F Determining Health-e-Arizona Eligibility

Determine eligibility for a Health-e-Arizona referral application as follows:

- For MA applications submitted from a facility that **AHCCCS** has granted the right to complete the FAA interview, complete the eligibility determination.

NOTE Currently, specific [Federally Qualified Health Centers](#) (FQHC) and [Federally Qualified Hospitals](#) (HOFQ) are the only facilities that AHCCCS allows to complete the FAA interview. These applications are identified with the EZ [Health-e-Arizona Referral Source Code](#).

- For all other applications, complete the interview.
- For applications submitted for renewal, see [Health-e-Arizona Renewals](#).
