

04 Counter Display - Overview

Effective December 1, 1996, the Personal Responsibility and Work Opportunity Reconciliation Act ([PRWORA\(g\)](#)) was implemented. PRWORA requires otherwise eligible participants to meet [ABAWD\(g\)](#) work requirements to be NA eligible.

CODF tracks NA and displays NA benefit information pertaining to ABAWD.

When FS is selected on WERE, CODF displays.

On CODF, one-character code displays beneath each NA benefit month that an NA benefit was issued. The codes are as follows:

- X - Countable toward the three-month limit
- F - Countable toward the second three months of the six-month limit (15% exemption)
- O - Not countable
- E - Countable toward three-month extension
