

## **.06 Homeless Receiving Notices**

**REVISION 26**  
(10/01/13 – 12/31/13)

A homeless participant's mail can be sent to a friend's address, but it is important that their name be added to the address at the United States Post Office. Otherwise, the mail may be returned and benefits may be stopped.

A homeless participant can also sign up for a PO Box or General Delivery Service with a United States Post (USPS) Office.

The participant must complete the [USPS form](#) and take the form and a valid ID to a General Delivery location (See [AZ General Delivery Locations.pdf](#)). The mail will be held at the General Delivery location for 30 days. The participant must request an extension from the General Delivery location every 30 days.
