

.03 MA Citizenship CADO Documentation

When acceptable documentation to prove MA identity and citizenship is provided, document CADO as follows:

- Used (type of document) to verify identity for (name of participant).
- Used (type of document) to verify citizenship for (name of participant) as best available.

When the participant does not have documentation to verify citizenship, document CADO with the following:

- Why documents are not available.
- The actions taken to attempt to verify citizenship.
- When participant provides documents not listed in the [four levels of reliability](#).
- When a request for birth certificate has been made through FAA.
