

.01 Acceptable Citizenship Verification Provided

When acceptable verification for U.S. citizenship for MA is provided, key the following on IDC1:

- Y in the ID field
- ID (AD when an affidavit is used per PST instruction) in the VR field
- US in the CI field
- One of the following in the VR field:

CD in the VR field, when the participant has provided U.S. citizenship verification.

EX in the VR field, when the participant is exempt from complying with the MA citizenship verification requirement.

AD in the VR field, when an affidavit is used per PST instruction.

NOTE When the participant is a [Deemed Newborn](#) AZTECS displays AG in the ID VR field and CD in the CI VR field. This allows eligibility for all programs.

The above codes allow AZTECS to determine potential eligibility for CA, FS, and full service MA.
