

.07 Sponsored Noncitizens - Overpayments

The sponsor and sponsored noncitizen are jointly responsible for repayment of any overpayment resulting from incorrect information provided by the sponsor.

The sponsor may have good cause or may be without fault in supplying the incorrect information. When this occurs, the noncitizen's budgetary unit is solely responsible for the overpayment.

Good cause includes, but is not limited to the following:

- For CA, the EI fails to inform the noncitizen or the sponsor of their responsibility to provide information.
Extenuating personal situations such as accidents, sickness, or family emergencies. These situations prevent the sponsor from providing the necessary information.
- For NA, the determination that the sponsor did not understand what information was needed.
