

## **01 SSDO – Purpose**

SSDO is used to display, allow keying or changing of the following information:

- Social Security Number (SSN)
- Date of birth
- Graduation date
- Sex
- Additional adult indicator (AA AF) for CA and MA
- Disability flag (DS FS) for NA

The information in the SSN, DOB, and SEX fields on SSDO display as a result of the registration process. When participant information needs to be updated, changes may be keyed on SSDO or on CLIM. (See [CLIM Change Client Identifying Data](#))

(See [Social Security Number, Date of Birth and Sex - Overview](#))
