

C UMP - Living with Legal Guardian

When the UMP lives with a legal guardian who is not requesting or receiving cash benefits for themselves, the following apply:

- The UMP is not eligible to receive CA unless the legal guardian is determined needy by deeming the income and performing the [UMP Needs Test](#).
- UMPs cannot be included in a legal guardian's budgetary unit unless they are related.

NOTE Verify the [specified relationship](#) or the legal guardianship. When verification is not available, accept a [participant statement](#) to perform the UMP Need Test.

DO NOT accept the participant's statement when a specified relative or legal guardian is requesting benefits or to be the payee.
