

.02 Responsible for a Minor Child (Under Age 18) Exemption

Participants who reside with a minor are exempt from [ABAWD work requirements](#). The participant is not required to be included in the SAME budgetary unit as the minor to qualify for this exemption. When more than one budgetary unit lives together and there is at least one minor in the home, ALL adult participants may qualify for this exemption.

Both parents, (including stepparents), adult siblings age 18 or over, and any other adult, related or not, residing with a minor can be exempt for this reason. This exemption applies through the month in which the minor turns 18.
