

## E 31-PG and CA-PG Case Maintenance

For CA, the participant must report the birth of the baby within ten days of the birth. The following areas define procedures for when the change is reported:

- [Maintaining the CA-PG Case](#)
- [Converting from CA-PG to CA](#)

For MA, the participant retains eligibility as long as she meets all eligibility requirements. When changes occur during her [postpartum period](#), her category may change to S.O.B.R.A. Woman to maintain her MA. [Deemed Newborn Categorical Coverage](#) defines procedures for the baby's eligibility.
