

A Stepparent Not Requesting CA or 1931 MA

Deem the stepparents income when they are not requesting CA and their spouse (the dependent child's parent) is in the home.

For CA, count resources of the stepparent that are AVAILABLE to the CA budgetary unit when the stepparent and their spouse (the dependent child's parent) are in the home. Do not count the sole and separate resources of the stepparent toward the CA budgetary unit when the stepparent is not included.
