

### **.03 CA Striker Eligibility**

CA benefits are budgeted using the higher of the following:

- The voluntary striker's pre-strike average monthly income
- The union related payments provided to the striker during the strike period

For new applications, budget the higher amount of the following:

- The average monthly income from the 30 day period prior to the strike

NOTE Determine the amount of monthly income prior to the strike.

- The union strike payments

For active CA cases, budget the higher amount of the following:

- The pre-strike income
- The union strike pay

NOTE Do not increase CA benefits to reflect the decreased earnings due to the strike. An increase in CA benefits may result in an overpayment.
