

04 Liquid Assets – Verification

Verify liquid assets as follows:

For CA, the value of all countable liquid assets must be verified at the following:

- New application
- Renewal application
- When a [change in resources](#) is reported

For NA, liquid asset information must always be verified before approval or renewal, when the information is [questionable](#) or inconsistent. When the participant has difficulty obtaining verification timely, offer assistance.

For MA, for the MD category only, the value of all countable liquid assets must be verified at the following:

- New application
- Renewal application
- When a [change in resources](#) is reported.

Policy and procedures regarding verification of liquid assets are outlined as follows:

- [Liquid Assets - Required Verification](#)
- [Liquid Assets - Sources of Verification](#)
- [Liquid Assets - Methods of Verification](#)

(Also see [Verification/Cooperation](#))
