

.02 CA Resources of Qualified Noncitizen Sponsors

The following special considerations apply:

- Resources of CA or **SSI** recipient sponsors are NOT COUNTABLE to the qualified noncitizen. When the sponsor's spouse is not a recipient of SSI or CA, count the spouse's resources toward the noncitizen.
- When a sponsor is sponsoring more than one qualified noncitizen, count the resources in full to all of the sponsored qualified noncitizens receiving CA.
- When sponsored and unsponsored qualified noncitizens must be included in one CA case, apply the following procedures to determine eligibility:

Compare the SPONSOR'S assets to the maximum resource limit. (See [CA Resource Limit](#)) When the sponsor's total assets EXCEED the maximum resource limit, the sponsored qualified noncitizen is ineligible.

Redetermine eligibility for the unsponsored qualified noncitizens based on their resources and those legally responsible for them. Do not use resources of the sponsor.

When the sponsor's total assets are LESS than the maximum resource limit, key the resources of the sponsor, the sponsored qualified noncitizen(s) and the unsponsored qualified noncitizens and determine CA eligibility.
