

.05 30 Days After Reported Changes

When the participant receives income after a reported change and voluntarily provides verification, use 30 days of the most current income. Day one of the 30-day period is the date the participant received the most current income. (See Example [30-Day Period-Provide](#))

The 30 days of the most current information for any month in this situation can be determined using the [AZTECS Monthly Production Schedule](#) (AMPS). Complete the procedures outlined in [30 Days After the Date of Interview](#).
