

E Business Less Than One Year

The following apply when a self employment business has been in existence for less than one year:

- Average the self employment income over the number of months the business has been in existence.
- Budget the averaged amount as the monthly projected income.

MA EXCEPTION

DO NOT average self employment income. Use the income and expenses from the [30 days](#) prior to the interview date to [project](#) the income. When the case includes **MA** and other programs, see [SEE! MA Keying Procedures](#).
