

A Medical Expense Changes

REVISION 47
(01/01/19 - 12/31/19)

Changes in medical expenses are not required to be reported until the next renewal. (See [Changes](#))

When an [elderly or disabled](#) NA participant does not report a change in medical expenses that occurred during an approval period, both of the following apply:

- The budgetary unit is not eligible for supplements
- The budgetary unit is not subject to overpayments

Changes in medical expenses that are reported during an NA approval period or at renewal must be verified when any of the following occur:

- The total medical expense amount has changed by more than \$25
- The expense amount is questionable or unclear

EXCEPTION

Do not effect changes in medical expenses that are reported by a third party unless the change is [verified upon receipt\(g\)](#) and does not require contact with the household.
