

.05 Referred With a Barrier

Key RB in the PAR/EXEM field on WORW for an eligible CA participant who meets any of the circumstances that include, but are not limited to, the following:

- Has a permanent or temporary physical or mental disability.
- Is the primary care giver of a family member who has a physical or mental disability.
- Lacks transportation (including bus service).
- Lacks child care.
- Has limited English proficiency, is illiterate or has an insufficient education.
- Has had a threat of domestic violence toward themselves or another family member.
- Has an ongoing family crisis that interferes with the ability to participate.

When RB is keyed in the PAR/EXEM field, CADO MUST be documented to identify the barrier. This enables the Jobs case manager to identify barriers with the intent to remove the barrier.

FAA is not required to verify the barrier; the only requirement is to document CADO.

(See Example [CA Mandatory Referral 1](#), Example [CA Mandatory Referral 2](#), and Example [CA Mandatory Referral 3](#))
