

D Noncompliance with NEW

Tribal Native Employment Works (NEW) participants who fail to comply with **NEW** program requirements are subject to the progressive sanction policy. The NEW worker is responsible for all good cause determinations.

When NEW notifies the **FAA** local office that a participant has failed to comply with a NEW requirement, complete the following:

- For a **CA** case, impose the progressive sanction policy. (See [PRAP/DISA Sanctions](#))

NOTE See [Tribal CA](#) for additional information about sanction penalties for tribes that operate their own CA programs.

- For a **TPEP** case, withhold the first benefit possible. (See [TPEP Withholding](#))

Do not end the sanction or withholding until NEW notifies of compliance on the FA-904. Following notification of recompliance, notify the **PI** of the end of the sanction using the [A741 notice](#).
