

.02 Changes Not Verified – Increases

[REVISION 06](#)
(10/01/08 – 12/31/08)

When changes that result in a benefit increase are reported during the approval period and are not verified by the information due date, complete the following:

- When the change potentially affects the benefit amount but not eligibility:
Document that the change has not been verified.
Continue the benefits at the level prior to the reported change.
- When the change potentially affects eligibility:
Stop the benefits allowing for [NOAA](#) on the next work day after the information due date
Send the appropriate [closure notice](#)
