

## **.07 Changes Verified Untimely - Simplified Reporting**

Verification may be received after the information due date, but prior to the effective date of closure. When this occurs, reopen the case on **REPT** and increase the benefits as follows:

- For CA, increase the benefits for the first regular benefit ISSUED after the date the verification is received.
- For FS, increase benefits with the first allotment ISSUED ten days after the date verification is received. Benefits must be increased no later than the month after the month the verification is received.

There is no requirement to allow ten days to notify the participant that their benefits will increase.

**NOTE** When the verification is received after the effective date of closure, **DO NOT** reopen the case. The participant must reapply.
