

## .01 Adding a Deemed Newborn to a Pending New Application

Add Deemed Newborns, not [currently receiving benefits](#), to a pending new application as follows:

- The date of the reported change, when reported after the date of application but prior to the date of interview.
- The date of interview, when reported at the time of interview.

NOTE The PI MUST initial and date the application at the interview.

- The first day of the month following the month of interview, when reported after the interview but while the application is still pending.

### **MA EXCEPTION**

Participants eligible in the Deemed Newborn category are eligible for MA from their date of birth.

A pregnant woman who is listed on the application may have her child while the application is pending. When this occurs, see [Adding a Participant - Child is Born](#) and [Deemed Newborn](#) policy.
