

.05 FAA Actions After PDQC Findings

When the FAA-1224A is received, the FAA EI completes one of the following:

- When no discrepancy is reported, complete the following:
The eligibility determination.
Place the FAA-1224A in the [case file\(g\)](#).
- When a discrepancy is reported, complete ALL of the following:
Resolve any identified discrepancies in the [PDQC findings](#).
Place the FAA-1224A in the case file.
Document the case file and CADO to support the determination, including resolution of the discrepancies.

NOTE DO NOT deny MA based ONLY on PDQC findings.

Complete the PDQC Determination Authorization (FAA-1182A) form.

NOTE A copy of the completed FAA-1182A MUST be sent to the [FAA Internal Operations Unit](#).

WARNING

PDQC identifies areas that need further investigation. When the deficiencies and inconsistencies are addressed, a supervisor must sign the FAA-1182A before MA benefits are authorized. Place the form in the case file.

When an appeal is requested on the determination, the Administrative Law Judge bases their decision on the verification and documentation in the case file.
