REVISION 52
(01/01/24 - 12/31/24)

There are mandatory and optional posters.

When posters are available in Spanish, both English and Spanish versions must be posted. At times posters in other languages may be required.

Posters are generally two sizes, 8½” by 11” or 11” by 17”. The 8½” by 11” sized posters can be printed out of the [Document Center](#). Several of the posters can be found in the [DES Warehouse](#).

When a poster cannot be found in the Document Center or in the DES Warehouse, send a request to the Policy Support Team (PST) at faapolicymgmt@azdes.gov. The request to PST must include the name of the poster, form number, and how many are needed. PST works with the requestor to locate and provide the poster.
