

**.01 Exceptions to PRWORA - Pascua Yaqui Tribal TANF**

PY-TANF participants are not subject to the [Family Benefit Cap](#) (FBCP) PRWORA policy.

NOTE When [adding a participant](#) who would be a benefit capped child to an active PY-TANF case, key P in the AF WERE EXPT RSN field on WERE. This ensures that the participant is included in the PY-TANF budgetary unit.

**WARNING**

WERE must be coded correctly, so AZTECS identifies the participants as PY-TANF eligible, and exempts them from the FBCP policy. Follow the procedures in [PY-TANF Special Keying Requirements](#) to ensure that the budgetary unit is correctly coded.
