

## D Special Keying Requirements - San Carlos Apache Tribe TANF

Follow normal keying procedures necessary to make a CA eligibility decision. Review and key the following screens to ensure that an eligibility decision is made correctly for the San Carlos Apache Tribe (SCAT) TANF Program:

- **ADDR**  
Key SC in the RESERVATION field. This is the Reservation Code for the San Carlos Apache Indian Reservation.
- **RARE**  
Key Y in the AI RACE field and SC in the TRIBE field next to any participant who is enrolled in the San Carlos Apache Tribe.  
Key the participant's tribal census enrollment number in the TRIBAL CENSUS field.  
Key a Y or an N in the ETHNICITY HI field for each participant.
- **WERE**  
Key K (San Carlos Apache Tribe) in the AF WERE EXPT RSN field next to each participant in the budgetary unit. This must be keyed so that AZTECS identifies the budgetary unit as SCAT TANF Program participants.
