

## **B Treatment of Food Distribution Budgetary Units**

Budgetary units may not receive both NA and Food Distribution Program (FDP) benefits in the same month. The local office must determine when eligible budgetary units are participating in an FDP before approving NA.

Budgetary units approved for NA but receiving zero benefits in any month, are eligible to apply and receive FDP benefits for that month.

Use the Termination of Participation (TOP) (FA-559) form for the following:

- To notify **FAA** that the budgetary unit's FDP participation has ended.
- To notify FDP that the budgetary unit's NA benefits have ended or the budgetary unit received zero benefits for the month.

(See [Currently Receiving NA](#) for additional policy)
