

B Agency Principles - Right to File an Application

Everyone has the right to file an application for benefits. Complete the following:

- Encourage and allow participants or their representatives to turn in an application the same day they contact an FAA office.
- Provide information about the application process and the right to file.

NOTE [Program Information](#) must be displayed in all local offices.

A participant may have a disability under the Americans with Disabilities Act (ADA) or the Rehabilitation Act. When the participant requests reasonable accommodations in order to participate in an FAA program, see [Disabled Participants](#).
