

.02 Family Planning Extension Program (FPEP) Renewal – AZTECS Case is Closed

REVISION 02
(10/01/07 - 12/31/07)

When the Family Planning Extension Program (FPEP) participant's case is closed, AZTECS sends the [X058 notice](#) to the PI. The notice informs the participant that in order to continue receiving FPEP through AHCCCS, a new MA application must be turned in.

When an application is received and the PI's case is closed, complete the following:

- Screen and process the participant's application as a new application. (See [application screening](#) for procedures to follow when an application is received).
- Determine eligibility for MA.

When the participant is denied MA, AZTECS determines whether the participant is eligible for [FPEP Continued Eligibility](#).
