

### **.03 MA Stopped for FPEP Participant**

**REVISION 02**  
(10/01/07 - 12/31/07)

AZTECS sends the [X059 notice](#) when both of the following occur:

- The Family Planning Extension Program (FPEP) participant's MA is stopped
- One or more participants in the budgetary unit are currently receiving MA

(See [MA renewal is due](#) when at least one participant in the budgetary unit is due for an MA renewal.)

NOTE Treat applications received for open MA cases as a reported change. (See [Adding a Participant to an Active Case](#))

When the FPEP participant is denied MA, AZTECS determines whether the participant is eligible for [FPEP Continued Eligibility](#).
