

.04 Client Inquiry PMMIS (CLIP) - Inquiry Results - Refer for SSI MAO

The following CLIP inquiry result indicates that the PMMIS interface inquiry has resulted in a MATCH, and the applicant is currently eligible with AHCCCS in an SSI MAO category:

- (PMMIS-AZTECS Response) REFER TO INT OPS SSI MAO

The [PMMIS-AZTECS Response](#) displayed in the ELIG. GROUP DESCRIPTION field is either of the following:

- QMB ONLY
- FES SSI MAO

AZTECS automatically denies the application for MA for these applicants nightly with the RX Denial or Closure Reason Code, and issues the [X461 notice](#).

When the response displays for ALL applicants in the case, AZTECS automatically denies the application for MA overnight with the RX Denial or Closure Reason Code, and issues the X461.

EXCEPTION

When the applicant's Participation Code is changed on SEPA to OU, or an eligibility determination is made, on the same day the application is registered, AZTECS does not complete the MA automatic denial. The EI must deny the application for MA for the applicant using the RA Denial or Closure Reason Code, and send the [M461 notice](#).

OST responsibilities are as follows:

- Review CLIP at registration for whether or not the REFER TO INT OPS SI MAO response displays for ALL MA applicants in the case.

- Complete either of the following:

When this response does not display for ALL MA applicants, schedule the interview and assign the application to an EI. (See [Scheduling the Interview New Applications](#) to determine when an interview for a new MA application is required)

When this response displays next to ALL MA applicants and MA is the only program requested, complete the registration, but do not schedule an interview. AZTECS automatically denies the application for MA using the RX Denial or Closure Reason Code, and issues the X461. Give the case file to the Supervisor to forward to the [FAA Internal Operations Unit](#) for referral for SSI MAO.

NOTE When the MA applicant is present at registration, explain that an appointment for an MA interview is not being scheduled. Inform the applicant that they are eligible with AHCCCS, and that FAA will send a notice with information and AHCCCS telephone numbers.

EI responsibilities are as follows:

- Explain the automatic denial to the PI at the interview.
- Complete the MA determination for all other applicants.
- Forward the case file to the FAA Internal Operations Unit for referral for SSI MAO.
