During the Interview

When there is evidence of abuse or neglect toward anyone in the household and you or the person may be in immediate danger, contact office security or your supervisor. It is important not to ask a participant directly whether they, or a member of their family, are a victim or survivor of domestic violence, sexual harassment, sexual abuse, or stalking. The abuser may be present and cause them harm after the interview.

Respect the participant's right to privacy and conduct a confidential interview. (See [Right to Confidential Case Information](#) for more information about confidentiality and keeping the information provided by the participant safe.)

Advise participants that certain program requirements may have good cause exemptions for participants and family members that are victims or survivors of **any** of the following:

- Domestic violence
- Sexual Harassment
- Sexual Abuse
- Stalking

Explore program requirements for good cause reasons that can potentially be waived or deferred, when a participant indicates they fear compliance could result in harm to themselves, or their family.

Advise the participant of the forms of verification that can be provided to support their claim of good cause and provide additional resources for immediate, free, confidential help.

For more information about good cause reasons and available resources, see **all** of the following CNAP Manual references:

- [Good Cause for Noncooperation](#)
- [Work Requirement Disqualifications](#)
- [Arizona Coalition to End Sexual and Domestic Violence](#)
- [National Domestic Violence Hotline](#)
- [National Sexual Assault Hotline](#)

When any of the participants are potentially a nonqualified noncitizen, read the Noncitizen Script (FAA-1710A) form verbatim to the participant.

NOTE Ensure the participant understands both the script and that a nonqualified noncitizen is not eligible for NA or CA benefits.

When the budgetary unit includes noncitizen participants, inform the participant that applying for or receiving NA does not affect **any** of the following:

- The right to remain in the United States
- Eligibility for Lawful Permanent Resident (LPR) status
- The right to keep LPR status
- The ability to become a United States citizen
- [Public charge\(g\)](#) determination

Use the FAA interactive interview method called Key As You Go. As the participant answers questions during the interview, key the information into the Health-e-Arizona PLUS (HEAplus) Interview pages and AZTECS screens at the same time. Use the Key As You Go method in both in-person and telephone interviews.

There may be instances where the [Technical Information Process System \(TIPS\) transfer\(g\)](#) to AZTECS has not yet been transmitted. When this occurs, complete **all** of the following:

- Conduct the interview through HEAplus.
- Run Eligibility in HEAplus.
- Register the application in AZTECS when TIPS has not transmitted to AZTECS by the end of the interview.

A participant must be informed of their rights and responsibilities as listed on the application. The participant is informed of their rights and responsibilities in **one** of the following ways:

- By FAA staff when completing an interview.
- By the FAA Interactive Voice Response (IVR) when calling to complete an interview.

NOTE Review the Rights and Responsibilities (FAA-1573A) form with the participant when the participant has not been informed of their rights and responsibilities by the FAA IVR.

Resolve discrepancies, [questionable\(g\)](#) or [unclear\(g\)](#) information, and changes during the interview. This includes, and is not limited to, **any** of the following:

- Budgetary unit composition
- Income
- Expenses
- Verification
- Case Documentation
- Documents in Health-e-Arizona Plus (HEAplus) and [OnBase\(g\)](#)
- AZTECS [interface\(g\)](#) verification

- Office of Special Investigation (OSI) reports
- Overpayment Verification Request

When the cost of the participant's expenses is greater than the participant's income, discuss EEI with the participant. (See [Expenses Exceed Income](#) for additional procedures.)

Answer all questions the participants may have about benefits or programs. When necessary, elevate the questions to a supervisor. The supervisor also elevates the questions when necessary to FAA Management.

Review applicable forms, brochures and booklets with the participant. This includes, and is not limited to, **any** of the following:

- Assistance Programs What You Need to Know (FAA-0001C) brochure
- How to Use Your Arizona Quest Card (FAA-1045A) booklet
- Other materials specified by the office management

NOTE Document what was reviewed with the participant

When the interview includes NA

When the interview includes NA, also complete **all** of the following during the interview:

- Screen each NA participant for **all** of the following:
 - An ABAWD Exemption.
 - An NA Work Requirement Exemption.
- When the budgetary unit includes an ABAWD participant, who does not meet an ABAWD Exemption or NA work requirement exemption, complete **all** of the following:

 - Would any of the assistance offered by SNAP CAN help reduce any barriers you have to participating in the program or gaining employment?

- Would any of the services offered by SNAP CAN meet your needs now, or in the future?

When a related CA case is closed, explain **all** of the following:

- Potential NA Transitional Benefit Assistance (TBA) eligibility
- Potential Transitional Child Care (TCC) eligibility

Screen for NA Expedite eligibility using the information on the application and the discussion with the participant. When the participant becomes eligible for NA expedited services between the day of the interview and the application date, complete **all** of the following at the interview:

- Ask the PI for an explanation of the change.
- When the explanation is questionable, have the PI provide verification of their explanation.
- Postpone verification and process the NA application as expedited when verification of their explanation cannot be obtained during the interview.
- Update the AZTECS screen as needed with the information provided during the interview.
- Document the change that has occurred and the date the change was discovered in the case file.

When the interview includes CA

See [Tribal TANF Assistance Programs](#) for additional Tribal TANF information.

For more information on JPPO compliance, see [JPPO FAA Responsibilities](#).

When conducting a TPEP interview, see [TPEP Interview Process](#) for additional discussion points.

Determining Eligibility During the Interview

A single application may be used for multiple-month determinations and multiple programs. Before ending the interview, determine eligibility for any program that has eligibility requirements met. Discuss the results of the determination with the participant.

NOTE When an application is denied for any program, continue processing other program determinations using the documentation and verification already received. Do not delay processing any program when eligibility requirements have not been met for other programs.

When the determination cannot be completed due to unavailable required verification complete **all** of the following:

- For NA and CA, send an information request notice from AZTECS for each program that the verification is needed. (See [Notices List](#) for a complete list of notices.)
- Ensure that all eligibility factors have been requested on the HEAplus Request for Information (RFI) letter for the MA program.

Ending the Interview

Review the application and verification to ensure all the questions and issues have been addressed and the application has been signed.
