

.04 DCSS Compliance Notification

REVISION 24
(04/01/13 – 06/30/13)

When a participant complies with the [DCSS PRA](#) requirement, DCSS notifies FAA using the Sanctions: Noncompliance/Compliance Request email. The email includes the following information:

- SUBJECT: Sanctions: Noncompliance/Compliance Request
- The ATLAS case number
- The [IV-D\(g\)](#) County office
- The date of noncompliance
- The reason for noncompliance
- The date of compliance
- The AZTECS case number
- The AP last and first name
- The AP client ID
- The child's last and first name
- The child's client ID

When the participant has complied with DCSS, DCSS fills the date of compliance in the original Sanctions: Noncompliance/Compliance Request email and sends it back to FAA Change. To end the sanction, see [Ending CA Sanctions](#).

Print the notification of compliance email as a pdf document and upload to [OnBase\(g\)](#). The original email can be deleted only after receipt of DCSS's notification of compliance.
