

## .02 DCSE Recombliance

When a new CA application is turned in and includes a noncompliant participant, complete the following:

- Process the application to determine whether the participant will be eligible when the participant recomplies with DCSE.
- When it is determined that the budgetary unit will be eligible, inform the CA participant that they must comply with DCSE before CA approval. (See [DCSE Cooperation - New CA Application Requirements](#))
- When the budgetary unit will NOT be eligible even with DCSE recombliance, deny the application. Send the [appropriate notice](#).

### WARNING

Review case documentation for multiple DCSE noncompliance actions when more than one absent parent is associated with the case.

When a renewal CA application is turned in and includes a noncompliant participant, complete the following:

- Review the [case file\(g\)](#) and DISA for verification that the noncompliant participant has complied with DCSE.
- Review NOHS verifying the NOAA has been sent for the next sanction level.
- When the noncompliant participant complies by the determination date, restore CA benefits to 100% for the month following the mandatory sanction month.
- When the noncompliant participant has not complied by the determination date, and is otherwise eligible, authorize the CA benefits imposing the next sanction level.
