

## **B HP Referral Denials**

**AZTECS** does NOT send an automatic referral for either the parent or stepparent when any of the eligibility factors are not met.

**NOTE** A System Broadcast will inform FAA staff when the program is or is not available for referrals.

When the parent or stepparent does not qualify for HP, AZTECS automatically generates and sends the appropriate [denial notice](#). The notice has all applicable legal references stating why the HP eligibility is being denied.

**NOTE** The EI MUST still send the appropriate denial notice for the Title XIX MA denial.
