

D Registering Health-e-Arizona Applications

Health-e-Arizona applications must be registered into **AZTECS**. (See [Application Registration](#) for time frames)

An interface between One-e-App and AZTECS occurs in an overnight batch job that automatically registers NEW applications that were submitted the previous calendar day. [Renewal Health-e-Arizona application](#)s do not automatically register in AZTECS.

Policy and procedures regarding registering Health-e-Arizona applications are outlined as follows:

- [Registering NEW Health-e-Arizona Applications](#)
- [Registering RENEWAL Health-e-Arizona Applications](#)
- [One-e-App Registration Reports](#)
