

.02 CA PRA Immunization Noncompliance for Renewal Applications

REVISION 32

(10/01/14 –11/30/14)

For ongoing cases, the PI may refuse, or the agency may become aware of a failure, to comply with the [PRA Immunization Requirement](#). When this occurs, allow the budgetary unit ten days to prove [immunization good cause](#).

When verification of compliance is not received within ten calendar days of the request, treat any reason for claiming good cause as a valid claim allowing a participant statement as verification. (See [Immunization Good Cause Reasons](#))

NOTE When the participant refuses to comply, take action to sanction or deny the case as appropriate.
