

06 Vehicles – Verification

Verify the value of vehicles as follows:

- For CA, the value of all countable vehicles must be verified at the following:
 - New application
 - Renewal application
 - When a [change in resources](#) is reported
- For MA, for the MD category only, the value of all vehicles must be verified at the following:
 - New application
 - Renewal application
 - When a change in resources is reported
- For NA, vehicle information must always be verified before approval or renewal, when the information is [questionable](#) or inconsistent. When the participant has difficulty obtaining verification timely, offer assistance.

Verification of vehicles is outlined as follows:

- [Required Verification for Vehicles](#)
- [Vehicle Sources of Verification](#)
- [Vehicle Methods of Verification](#)
